KO MANUFACTURING INC.

HEAVY DUTY DEGREASER

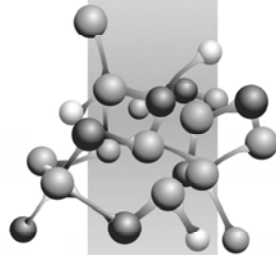

PRODUCT NUMBER 430

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheat Modified on 12/16/2002

PRODUCT DESCRIPTION:

Heavy Duty Degreaser is designed to allow the customer to mix their own drums of liquid detergent. It offers a combination of emulsifiers, solvents and highly alkaline builders which penetrate and route out heavy grease, soil and grime. Heavy Duty Degreaser is designed for the heavier soil loads that your lower alkaline products will not remove. It is an ideal cleaner for tractor trailers and for heavy duty steam cleaning.

INSTRUCTIONS:

Trailer Cleaning: Mix liquid and powder components into a 55 gallon drum with water. Mix well. Set metering equipment to deliver from 60:1 to 20:1 of mixed solution of depending on soil and grease loads.

Heavy Duty Steam Cleaning: Mix liquid and powder components into a 55 gallon drum with water. Mix well. Set metering valve on equipment to deliver from 60:1 to 20:1 of mixed solution depending on soil load.

CUSTOMER BENEFITS:

- Biodegradable.
- Easy shipping and handling.
- High alkalinity for tough to get soils and grease.
- No streak rinsing.
- Non-toxic.
- USDA approved.
- Will penetrate diesel smoke on trailers.
