

Cyclone

Flat Surface Cleaning Attachment

- Easily attaches to Hot or Cold Water Pressure Washers
- Up to 6 GPM, 4000 PSI
- Spins at 2000 RPM
- Fatigue-free Trigger Bar

■ Easy-to-clean, high-pressure **Inline Filter** minimizes maintenance by preventing spray nozzles from plugging.

■ **Collapsible Handle** with the twist of a wing nut makes for easy transporting and storage.

■ **Rugged Steel Tubing** with durable epoxy coat finish for all-weather protection.

■ **Tubed Pneumatic Tires** absorb vibration and make handling an easy touch.

■ **Fatigue-free, safety Handle and Trigger Bar** instantly stops the unit for operator protection.

■ Easy-turn **Swivel Hose Connection** keeps the hose from tangling while attached to the pressure washer for easy handling and maneuvering.

■ **Trilingual Operating Instructions and Warnings** in English, Spanish, and French for convenience of the operator and owner liability protection.

The Cyclone attaches to a hot or cold pressure washer and "mows" grime fast.

■ **Self-lubricating Rotary Union** handles pressures of up to 4000 PSI and a rotational rate of 2000 RPM at water temperatures of up to 200°F.

■ **Sealed Swivel Caster** allows the Cyclone to pivot easily in and out of tight spaces.

■ **Rust-free and rugged Polyethylene Housing** gives the Cyclone the life and durability of industrial models but the ease in maneuvering of light-weight designs; narrow enough to fit through any doorway.

- Rating: Heavy-duty
- Recommended Usage: Medium
- Attaches to: Any hot or cold water pressure washer with minimum of 2000 PSI, 190°F
- Max PSI: 4000
- Max Flow Rate: 6 GPM
- Max Temp: 200°F
- Cleaning Width: 20"
- Weight: 35 lbs
- Dimensions: 48"L x 22"W x 37"H
