## KOIL KLEEN™

**PRODUCT NUMBER 110**

### RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

### PRODUCT DESCRIPTION:

Koil Kleen is a granular powder that works to dissolve lime and scale build-up in coils. Unlike muriatic acid, Koil Kleen does not emit toxic vapors, does not corrode equipment and parts, and provides a safer working environment. Koil Kleen contains a built-in inhibitor that offers protection to most metal surfaces.

### INSTRUCTIONS:

Dissolve 1 pound of Koil Kleen to each gallon of cool water. Do NOT USE BURNER SYSTEM. Circulate through coil for 1 to 3 hours depending on scale build-up. Flush with fresh water when finished.

### CUSTOMER BENEFITS:

- Biodegradable.
- Thoroughly removes lime and scale build-up on coils.
- Safe on equipment.
- Protects metal surfaces.
- Easy to use.

**Attention:** Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
