

LANDA®

PERFORMANCE. POWER. PORTABILITY.

NEW!

The New MHC Belt Drive Hot Water Pressure Washer Has It All.

Landa's new MHC belt drive model is both durable and portable, and easy to maneuver over flat surfaces and around corridors and hallways.

BELT DRIVEN PUMP - 7 Year Limited Warranty, longer lasting, low RPM pump for years of industrial cleaning productivity.

RELIABLE HONDA ENGINE - Gasoline powered, OHV Electric Start GX390 engine, diesel/oil heated, 3500 PSI @ 3.5 GPM.

SAFETY - ETL Certified to UL Specifications. Meets OSHA standards for employee safety.

RUGGED DESIGN - Equipped with a durable 1.25" steel frame with weather-resistant epoxy powder coat finish and stainless steel top wrap.

COMPACT FRAME - Narrow enough to fit through a door frame.

EASY TO MANEUVER - 13" flat free tires are perfect for maneuvering on any terrain.
